

TILT & Rotary Stand for Marine monitors

TILT & Rotary Stand is designed for marine and naval mission critical applications.

It values markets demands for:

- **Adjustable without Tools**
- **Longer life by mechanical design**
- **Rugged design anti vibration**
- **Stability by weight balance structure**
- **Durability covered power coating**
- **Long up time and less service.**

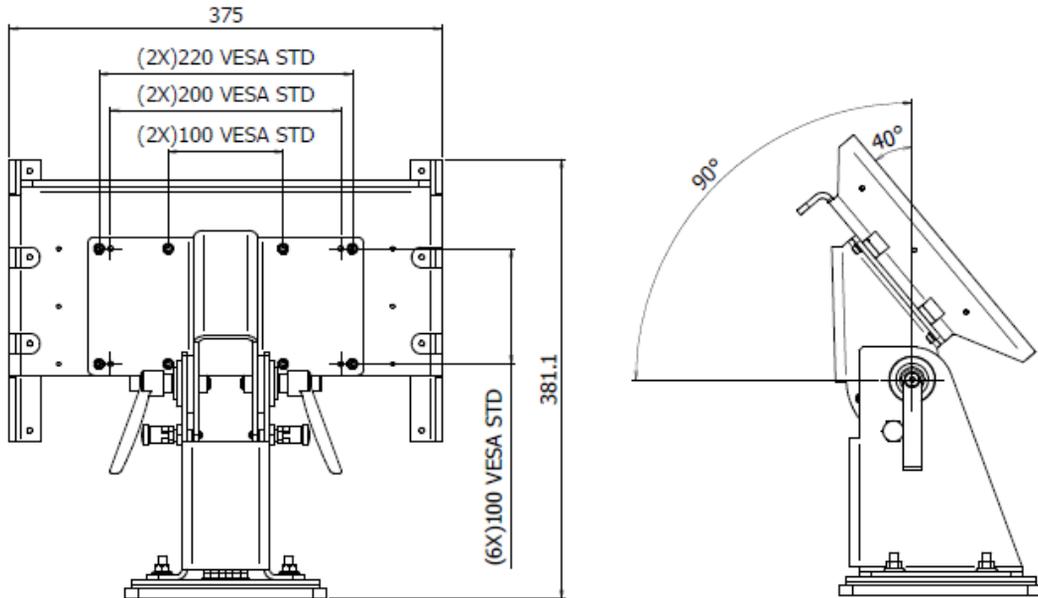

Possible to fix to various Marine monitors in the world.

- **ISIC AS (Denmark)**
- **Hatteland (Norway/ Furuno (Japan))**
- **15~23" (4:3) LCD Monitors**
- **22, 24, 26, 27" (16:9) Wide Monitors**
- **Custom made is possible.**
- **Hanging type/ Vertical mount, please ask us.**
